WANT TO HOST A DOUBLE DEUCE CLINIC IN YOUR AREA?

It is my dream to travel across the country to give clinics! I would love to host one in your area. Here are a few common questions asked about hosting a clinic. Get in contact with Mersadie to host one today!

Expected Costs: Tuition for 2026-2027 clinics are \$200 for a 1-day clinic and \$450 for a 2-day clinic. Deposits are half of tuition fees for each clinic and are non-refundable unless cancellation of clinic. Prices may vary by location, travel, and facility costs. If a student is unable to attend after deposit is paid, deposit will be applied to the next clinic. Tuition can be paid by Cash, Check, Venmo and CashApp.

HOW MANY STUDENTS DO I NEED?

I like to keep my clinics smaller in size, so I ask that you have at least 6-10 students committed to a clinic. Once your students reserve their spots, I can advertise the remaining spots if needed. My clinics are limited to 15 students unless other arrangements have been made. If there is excessive amount of interest, I can arrange to stay longer and host another small clinic.

WHAT TYPE OF CLINICS DO I OFFER?

Beginner Clinics

10 students

This clinic is set up for ages 6 and up that are wanting to start goat tying. This for beginners only, clinics can be 1 or 2 day. Students will learn correct fundamentals for beginners and techniques to take with them as they grow and develop. Limited to 10 students

Advanced Clinics

10-15 Students

This clinic is fast paced and detailed, designed for athletes who are already have some experience. These clinics are created to develop new skills, add consistency, and develop speed. Beginners are welcome to join as well!

WHAT EQUIPMENT IS NEEDED?

Texas and surrounding areas

I will provide goats, stakes, equipment for drills and horse saver. I ask that you have a 4-Wheeler or ATV on standby to pull the horse saver with!

Out of State

If flying is required, we will need access to 15-20 goats. I like to have at least 2 goats per student. They will be rotated out constantly throughout the day. Having a horse saver is a plus but not required!

Please contact Mersadie to discuss flights, location and dates.

WHAT TYPE OF FACILITY IS NEEDED?

A covered arena is preferred but not required! I ask that each facility have plenty of parking and spaces for trailers. In case of unpredicted weather and hot months, it is safer to be in an indoor arena. If there is a arena in your area, I am willing to pay for arena rental fees. I am always appreciative if someone is willing to donate their arena for us to use for the weekend as well!
